Thank you.

Steph.....I had a read of it.....[REDACTED] had multiple conversations with the drivers of several trucks in the Nicholas / Waller area.

[REDACTED]

Info from all four persons spoken to I believe we are mostly aware of re:

- intention of staying long term (until government withdraws vaccine mandate)
- management of their supplies (gas, oil, food, etc)
- smaller trucks like DUECK's (pick up truck) being used as "gofer's" to re-up supplies
- private donors are funding trucks outside of GoFundMe account
- possible blocking USA/Canada border points
- trucks in the downtown core using CB radios to communicate
- ineffectiveness of injunctions
- intention to get as close to Parliament Hill as possible over the coming days

Good morning all,

Please have a read of Cst. Corey Bourguignon's report 22-25606 in relation to information he obtained by speaking with persons participating in the Freedom Convoy.

Thank you,

Moe
